Fuel consumption and emissions

Information on the current configuration

CO ₂ emissions, total (combined) ^[1]	170 g/km
Fuel consumption, total (combined) ^[1]	6.5 l/100km

Technical data

Detailed information on performance, dimensions and weight

Performance

Fuel	Diesel
Hybrid type	Mild Hybrid
Cylinders	6
Displacement	2,989 cc
Power output ^[4]	230 kW + 17 kW (313 hp + 23 hp)
Torque	650 Nm
Transmission	9G-TRONIC automatic transmission
Transmission type	Automatic
Emissions standard	Euro 6e-bis
Acceleration 0–100 km/h	5.4 s
Top speed	250 km/h
Drive system	All-wheel drive

Dimensions

Length	5,304 mm
Wheelbase	3,216 mm
Width (incl. mirrors)	2,123 mm
Width (with mirrors folded)	1,986 mm
Width (excl. mirrors)	1,921 mm
Height	1,503 mm
Turning circle	11.9 m
Luggage compartment capacity	515 l

Details

Number of seats	5
Doors	4
Fuel tank capacity (standard)	76 l

Weights

Kerb weight (EU)	2,250 kg
Payload (EU)	660 kg
Permissible roof load	100 kg
Gross vehicle weight	2,910 kg
Permissible towing weight (braked, at 12%)	750 kg (2,100 kg)

PLEASE NOTE THAT THE CONFIGURATOR SERVES EXCLUSIVELY FOR PRELIMINARY INFORMATION PRIOR TO PURCHASING A VEHICLE. The prices shown are for information only, i.e. they do not constitute a binding offer, are quoted in Hungarian forint and include 27% VAT. The "gross price" shown for configured passenger cars does not include the registration tax that forms part of the purchase price. The final customer offer may differ from the configurations compiled on the website. We reserve the right to change the data published on this site, in particular model types, versions, equipment, technical data and prices. It is possible that the data displayed is no longer current. The vehicles in the photographs are illustrations and are not a true representation of the configuration you have compiled. Before concluding a contract, please make sure to obtain information about the exact standard and optional equipment, technical data and specifications of the vehicle you wish to order, as well as the purchase price offered by the dealer. FOR THE ACTUAL AND COMPLETE OFFER REQUIRED FOR CONCLUDING A CONTRACT, PLEASE CONTACT YOUR DEALER.

Our driver assistance and safety systems are aids that do not relieve you of your responsibility as the driver. When using your Mercedes-Benz, please observe the information in the owner's manual supplied with the vehicle and the system limits described therein.

If you wish to configure individually equipped EQB 250 or EQE 300 models, please do not select the EQB 250 Limited Edition or EQE 300 Limited Edition models. If in our configurator you have assigned to the EQB 250 and EQE 300 models optional equipment differing from or going beyond that indicated above, please note that the prices of the EQB 250 Limited Edition and EQE 300 Limited Edition models do not apply in such cases. If you approach our official dealerships with such a configuration for a quotation, our sales colleagues will help you configure the vehicle on the basis of the non-discounted EQB 250/EQE 300 base-price models.

[1] The values were determined in accordance with the WLTP measurement method specified in Annex XXI to Commission Regulation (EU) 2017/1151. The fuel consumption values were calculated on this basis. The data do not refer to an individual vehicle and are not part

of an offer; they serve solely for comparison between different vehicle types. The values vary depending on the optional equipment selected.

[4] Power output: the engine output is made up of the value for the combustion engine (left-hand value) and the value for the electric motor (right-hand value).
